## Takeover of the business operations of Quadt Kunststoffapparatebau GmbH.

Dear business partners of Quadt Kunststoffapparatebau GmbH and interested parties.

Helmut Breuer GmbH, based in Troisdorf, has taken over the movable fixed assets, current assets, intangible assets, products, know-how, naming rights, customer base, etc. as well as the declared personnel of the insolvent Quadt Kunststoff-Apparatebau GmbH in Troisdorf as of March 1, 2024.

The companies Breuer and Quadt had already worked together as partners for around 30 years. We are therefore delighted that the business operations of Quadt Kunststoffapparatebau GmbH can be continued with increased potential in the form of Helmut Breuer GmbH.

Helmut Breuer GmbH was founded in 1965 and since then has been involved in the processing of thermoplastics, machining / CNC machining, injection molding and extrusion as well as plastic apparatus construction with the manufacture of welded components and systems.

As Helmut Breuer GmbH, we look forward to continuing to be your reliable partner, as you have come to expect from Quadt Kunststoffapparatebau GmbH, and we look forward to working with you and the tasks you may set us. The previous place of business operating of Quadt Kunststoffapparatebau has been dissolved and will be integrated into Breuer.

If you have any questions in this regard, please do not hesitate to contact us at [ibreuer@breuer-kunststoffe.de](mailto:ibreuer@breuer-kunststoffe.de) or call Ingo Breuer +49 (0) 2241 / 9523-14.

We would also like to point out that the independent company Quadt Pumpen GmbH is not affected.

Troisdorf, March 2024

Yours sincerely  
Helmut Breuer GmbH  
The Management.
